pots & planters

corten steel planters

Originally developed for railroad cars, **corten steel**, or “weathering steel”, is a group of alloys with exceptional strength. When exposed to weather, a layer of rust forms on the surface that serves as a protective coating.

- Strong, quality steel alloy made to last
- Commercial grade
- Ships with bare steel finish
- Rustic-look achieved through weathering process
- Each rusted planter is one-of-a-kind!

Corten Steel Simplicity Square Planter

Kraft Paper Sleeves

These Kraft paper sleeves are the perfect blend of eco-friendliness, elegance, and protection for your plants. Sleeves provide a protective barrier around your plants or flowers, safeguarding delicate blooms and stems from potential damage during transport or handling.

The sleeves are also wet strength, helping them stay strong and resist breaking and tearing in humid and wet conditions. The sturdy yet flexible nature of Kraft paper ensures your plants stay fresh and vibrant for longer.

- Made with 50 lb Kraft Wet Strength Paper
- Custom sizes available
- Nesting available upon request
- Boxing available

Satin Sleeves

Satin sleeves offer discreet yet effective protection for your cherished plants. Semi-transparent and durable, these sleeves shield your plants from the elements without obstructing their natural splendor. Let your greenery shine while keeping them safe.

- Vent holes included for breathability
- In-stock sizes fit 4" to 14" pots
- Packed on wooden headers for ease of use
